

## HANS WAGNER TO BE FIRST BASEMAN IN TWENTY-FIRST YEAR UNDER MAJOR CANVAS

Only Member of Pennant-Winning Pirate Machine, 43 Years Old, to Get "Try-out" on Initial Bag

**JOHN (HONUS) WAGNER**, having completed twenty seasons in the big show as a shortstop—barring a year or so in the outfield—will next year start all over again and get a "try-out" on first base with the Pirates.

The fact that Honus is about to do this gives the impression that he is the sole remaining member of the pennant-winning Pirates makes it seem a pity time for a review of his work in the past. The record is such as to indicate that the forty-three-year-old recruit first baseman should make good.

Wagner participated in 123 games last season, making 260 errors and 102 hits. The Flying Dutchman had an average of .275, which is ten points better than his batting mark of 1915. His rate walked for 1916 netted him thirty-five extra bases, for he was credited with one home run, nine triples and fifteen doubles.

### Big Drop in 1914

The famous shortstop's consistent performance for the entire twenty years is shown by a glance at his grand totals for this length of time. He has been at bat 10,198 times, and his safe swats foot up to .329. Thus, he can boast of a grand average of .326, in spite of the fact that his last three campaigns have found him below the coveted .300 mark.

Another interesting fact is disclosed by the records. Hans still has the distinction of having registered a fraction more than one hit per game for his score of years in the National League. He has played in 222 games. This means that he has placed almost five drives in safe territory in each of his four years on an average.

The record that baseball mad old patriarch continues to uphold his unique record for reliability. While he is no longer proud of this dazzling diamond achievement, Wagner plays ball for results and not for glory. He clouted in the .300 class the largest part of last season, but late in the race a series of injuries got the better of him, and he fell into a slump which took him down below the triple-century mark, at which every batsman aims.

### Cobb Close Second

Ty Cobb comes nearer to Wagner's record in this line than any other batter now in baseball. The famous slugger of the Detroit American League has won an eleventh consecutive campaign as a .300 bather, but he must travel six more seasons at this clip before he can equal the Pittsburgher's wonderful mark of seventeen straight years. Dan Brouthers, the older-timer, therefore, remains second to Wagner. Dan smote .300 for fourteen seasons.

Wagner played his best series games during 1915, while his record in a major league is .307. He made eighty-three hits and thirty-eight runs out of 241 times at bat, giving him an average of .344 as a starter. He fell back to .305 in his second year, get-

## NATIONAL COMMISH IN ANNUAL SESSION

Baseball Magnates Gather for Big Meeting in Cincinnati Today

### NO CHANGE IN OFFICERS

CINCINNATI, Jan. 2.—Baseball men from almost every part of the country will show a total which is expected to set a high record in the annals of the service. More than 100 members, ranging in rank from captain down to newly appointed, or third-grade honest and indomitable have voluntarily retired 1916. The exact total cannot be ascertained owing to a definite rule which permits a man to withdraw his resignation within a stipulated period.

Another regulation makes reinstatement possible within three months if no impediment exists. It is the hope of Chief Murphy and the bureau officials that some of the more recently resigning members may reconsider their step and "go back into harness" before the time limit expires.

Chief Murphy has been called by the commission to know how it will look upon this demand, it is believed, by General Johnson, of the American League, that the request would be granted.

That the Class AA League men intend to press the matter with energy is indicated by the special meeting called for tomorrow, and white every club president of the American Association and the International League has selected three, it is hardly probable that the Pacific Coast League will be represented by more than one man.

It is likewise probable that a large number of the major league magnates will be in attendance, as a number of other matters that have to do with the relations between the major and minor league clubs are expected to be on the list of matters to be considered at the convention.

The election of officers for the commission, also, will be held, but it has become an unseemly fact during the last week that both Chairman August Herrmann and Secretary John H. Brush would be re-elected, the announcement from Chicago that President Johnson, of the American League, had been elected to the position.

The election of officers for the commission, also, will be held, but it has become an unseemly fact during the last week that both Chairman August Herrmann and Secretary John H. Brush would be re-elected, the announcement from Chicago that President Johnson, of the American League, had been elected to the position.

"I hope the condition as it exists will induce Comissie to hasten their action in regard to salary advances and an increase of men. Both are needed if the morale of the league is to be kept up to what it should be."

"Not all of the men who have dropped out lately have been eligible to a pension. It is a good thing they were not, for our pension in its present condition never could stand such a sudden drain."
